

Undergraduate studies in food safety

A number of universities offer undergraduate majors that prepare students for careers in food safety. Comparatively few universities offer designated studies in a "Food Safety" major; rather undergraduate training in food safety is typically offered within major in "Food Science", "Food Science and Technology", or a major in "Food Science and Nutrition".

Universities offering undergraduate training in food safety in the US and Canada include:

1. Department Food and Animal Sciences, Alabama A & M University, USA. [Link](#)
2. Department of Food Science, Cornell University, USA: Undergraduates interested in training in food safety typically apply to the undergraduate major in "Food Science".
3. Department of Food Science and Nutrition, California Polytechnic State University, USA. [Link](#)
4. Department of Food, Nutrition and Packaging Sciences, Clemson University, USA. [Link](#)
5. Department of Nutrition, Food and Exercise Science, Florida State University, USA. [Link](#)
6. Department of Food Science and Technology, Illinois Institute of Technology, USA. [Link](#)
7. Department of Food Science and Human Nutrition, Iowa State University, USA. [Link](#)
8. Department of Food Science and Human Nutrition, Michigan State University, USA. [Link](#)
9. Department of Food Science, Nutrition and Health Promotion, Mississippi State University, USA. [Link](#)
10. Department of Food, Bioprocessing and Nutritional Science, North Carolina State, USA. [Link](#)
11. Department of Plant Sciences, North Dakota University, USA. [Link](#)
12. Oklahoma State University, USA. [Link](#)
13. Department of Food Science and Technology, Oregon State University, USA. [Link](#)
14. Department of Food Science, Purdue University, USA. [Link](#)
15. Department of Nutrition, Food Science, and Packaging, San Jose State University, USA. [Link](#)
16. Department of Chemistry, Framingham State University, USA. [Link](#)
17. University of Guelph, Canada. [Link](#)
18. University of Idaho, USA. [Link](#)
19. Department of Food Science, Penn State University, USA. [Link](#)
20. University of Arkansas, USA. [Link](#)
21. Department of Food Science and Technology, University of California, Davis, USA. [Link](#)
22. Department of Animal and Food Science, University of Delaware, USA. [Link](#)
23. Department of Food Science and Technology, University of Georgia, USA. [Link](#)
24. Department of Food Science and Nutrition, University of Illinois at Urbana-Champaign, USA. [Link](#)
25. Department of Animal and Food Sciences, University of Kentucky, USA. [Link](#)
26. Department of Nutrition and Food Science, University of Maryland, USA. [Link](#)
27. Department of Food Science, University of Missouri, USA. [Link](#)
28. Department of Nutrition and Food Sciences, University of Rhode Island, USA. [Link](#)
29. Department of Food Science, University of Wisconsin-Madison, USA. [Link](#)
30. Department of Food Science, Utah State University, USA. [Link](#)
31. Department of Animal and Food Science, Texas Tech University, USA. [Link](#)
32. Department of Food and Nutritional Sciences, Tuskegee University. [Link](#)
33. Department of Food Science and Technology, Virginia Tech, USA. [Link](#)
34. Washington State University, USA. [Link](#)

Key laboratories studying various aspects of foodborne listeriosis in Europe include:

[Institut Pasteur](#)

[French Institute for Public Health Surveillance](#)

[European Food Safety Authority](#)

Key laboratories studying various aspects of foodborne listeriosis in South and Latin America include:

Key laboratories studying various aspects of foodborne listeriosis in Asia and Australia include:

1. [National Taiwan University Hospital](#)
