**Data Currency:** Batch

**Data Type:** Data Set

**Data Frequency:** Daily

**Data Volume:** this was not researched, but Mike Scullin could probably say

**Currently Exists?:** Yes

**Proposed Solution:** Unknown

### Description

« Hide

There historically has been a nightly feed of Job Code data from PeopleSoft to CPBS. This is because PeopleSoft is the data of record for Job Codes, but CPBS also uses them. The interface sync's the CPBS shadow with PeopleSoft.

It is not known if this will be needed for KFS or not but was documented here for completeness' sake.

As-is info  
Production Procedure: 01-05-72  
PeopleSoft Script: BUD602CU  
PeopleSoft Customization: HRIF0185
