Library Forum Steering Committee Staff Award for Core Values

Each Fall, the Library Forum Steering Committee will give the Staff Award for Core Values to one individual or team who demonstrates exemplary commitment to the University's core values, as reflected in their contributions to the Library. The award is $1,000 paid via payroll.

Please consider the following University Core Values when contemplating potential nominees:

- Purposeful Discovery

- Free and Open Inquiry and Expression

- A Community of Belonging

- Exploration across Boundaries

- Changing Lives through Public Engagement

- Respect for the Natural Environment

The nominees may exemplify these values in several areas: outstanding service, special projects, collaboration, support of colleagues, diversity and belonging advocacy, and beyond. This is a chance to tangibly thank your colleagues who truly live their values and make the library a better place.
