Search Page:

The screenshot shows a web browser window titled "Cornell APM - Search - Windows Internet Explorer". The address bar contains the URL "http://sf-fs-tweb-005:8080/SitePages/Search.aspx". The browser's address bar includes navigation buttons (back, forward, stop, refresh) and a search engine icon (Bing). Below the address bar is a "SharePoint" header with navigation links for "Newsfeed", "SkyDrive", and "Sites", and a user profile "Diya Dhatri Vakkala" with a settings gear icon. A secondary navigation bar contains "BROWSE" and "PAGE" links, along with "SHARE", "FOLLOW", and "EDIT" options. The main content area features the Cornell APM logo and the word "Search" in a large font. A search input field with the placeholder "Search this site" is located to the right of the logo. Below the search area is a navigation menu with "Home", "Add new application", "Search" (highlighted), "All Applications", and "Charts". The search area contains a grid of form elements: three rows of dropdown menus labeled "Select" and three empty text input fields. At the bottom of the search area are "Search" and "Reset" buttons.

All Applications (Grouped by Unit Names):

The screenshot shows a web browser window displaying a SharePoint site titled "Application Details - All Applications". The browser's address bar shows the URL: `http://sf-fs-tweb-005:8089/_layouts/15/start.aspx#/Lists/ApplicationDetails`. The SharePoint interface includes a red navigation bar with "SharePoint" on the left and "Newsfeed", "SkyDrive", "Sites", and "Diriya Dhatri Vakkala" on the right. Below the navigation bar, there are tabs for "BROWSE", "ITEMS", and "LIST", and a search box labeled "Search this site".

The main content area features the Cornell APM logo and the title "Application Details". A sidebar on the left contains navigation links: "Home", "Add new application", "Search", "All Applications", and "Charts". The "All Applications" link is selected, and a search box with the text "All Applications" and a search icon is visible. Below the search box, there is a table with the following structure:

Application Name	Application Number
> Unit Name : (30)
