

Plastic fabrication welding

Part 1: Applications

We know how.

Part 1: Applications

Drinking water management

Art & Design

Plastic repair

Transportation

Energy systems

waste water management

Marine

Piping

Air cleaning processes

Chemical industry

Tunnelling

Roofing

Galvanic

Leisure Applications

Food industry

Part 1: Applications

Tank construction

Water tank (Polypropylene)
Fiberglas Konstruktion PP liner
Mexico

Water tank (Polyethylene)
3 Welders & 1 «hamster»
Netherlands

Part 1: Applications

Galvanics

Aluminum anodization bath (Polypropylene)

Galvanising bath production India (Polypropylene)

Part 1: Applications

Drinking water management

Spring box Switzerland (Polyethylene)

Part 1: Applications

waste water management

Waste water box (Polyethylene)

Part 1: Applications

Air cleaning processes

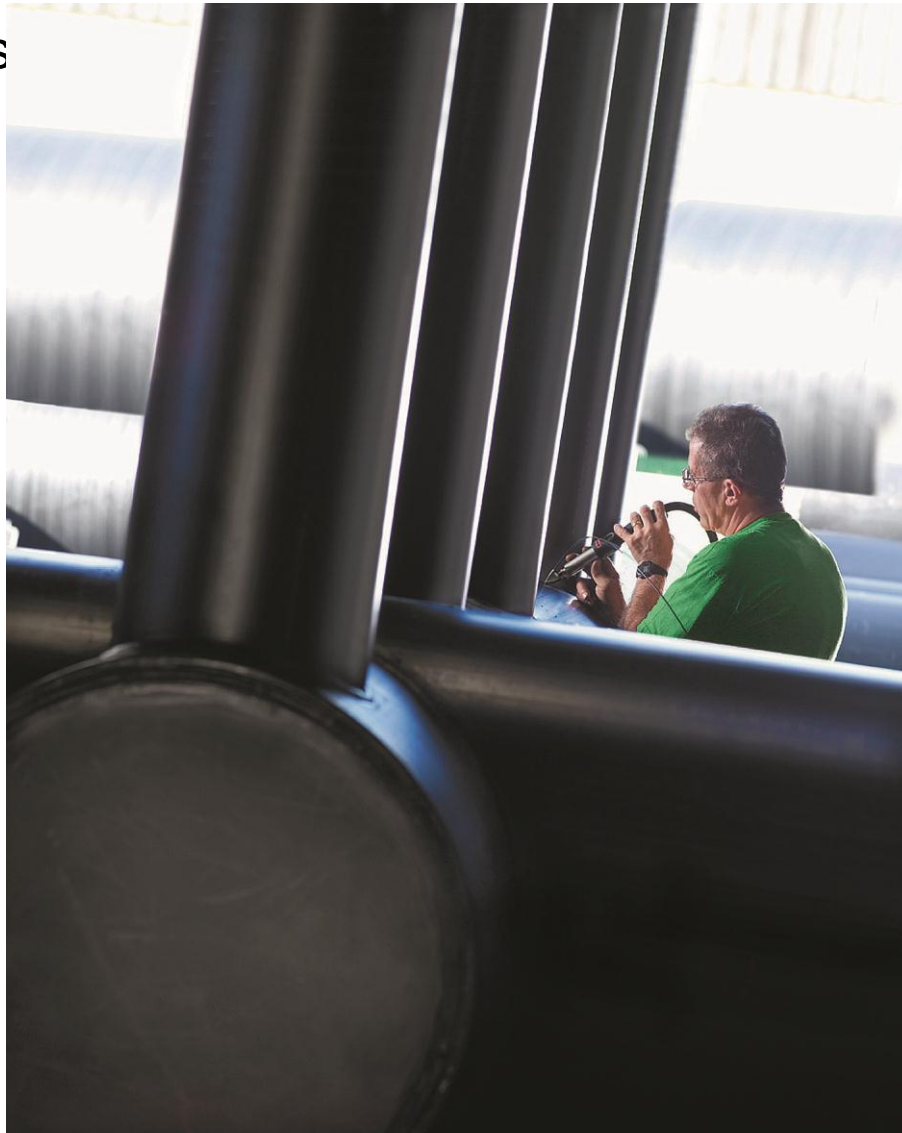

Air washer (Polyethylene)
Spain

Part 1: Applications

Energy systems

Earth tube collector
(Polyethylene)

Earth tube collector
(Polyethylene)

Part 1: Applications

Food industry

Aquaculture Netherlands (Polyethylene)

Green house bed Netherlands (Polyethylene)

Part 1: Applications

Transportation

Fire Engine Body UK
(Polyethylene)

Fire Truck AUT
(Polyethylene)

Part 1: Applications

Marine

Floating Dock
(Polyethylene)

Boat building Australia
(Polyethylene)

Part 1: Applications

Biomedical & Pharmaceutical Research Products

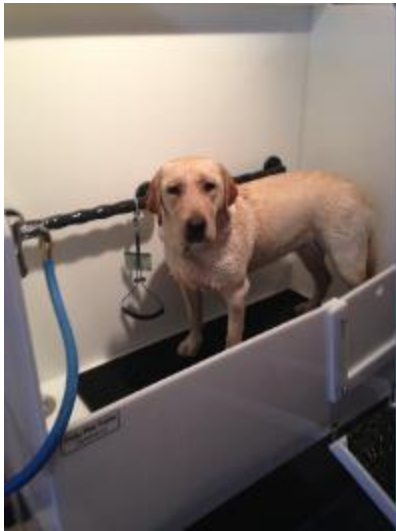

Flow box USA
(Polyethylene)

Animal isolation station USA
(Polyethylene)

Part 1: Applications

Pet care

Dog washing station USA
(Polypropylene)

Part 1: Applications

Laboratory & cleanroom equipment

Storage cabinets USA
(Polypropylene)

Part 1: Applications

Leisure

Wave machine USA

Swimming Pool Bulgaria
(Polyethylene)

Part 1: Applications

Piping

District heating
(Polyethylene)

Part 1: Applications

Repair

Plastic box repair Netherlands
(Polyethylene)

Part 1: Applications

Repair

Part 1: Applications

Repair

Concrete formwork
Austria
(Polypropylene)

Car bumper repair

Part 1: Applications

Art & Design
