Wendy, makes good sense and thank you all so much. I will share your email with the task force once it's formed.

Best,  
Xin

Hello Xin,

The Access Services Committee met today and discussed the Internationalization taskforce. While we initially thought it might make sense to volunteer a member to serve on the group, we ultimately decided that a large portion of your work might not relate to our areas. We do think, however, that it is important for an access services representative to be brought in if the group begins to look at issues associated with material delivery or interlibrary loan.

Please let the group know that we are more than happy to consult on those areas as they move forward on their work.

Good luck with your work! It is very exciting!

Warm regards,

Wendy
