Welcomed Kim Nayyer to the LDLT (official start May 1)

Brief discussion of how/where copyright issues are managed on campus and current capacity to handle copyright issues.

The group discussed whether or not there has been, or might be, a meeting within Ivies Plus focused on research services. Danianne and Mary agreed to check on this issue.

Cornell Giving Day update: Gerald will meet with Jennifer Sawyer to get more details, but the Library reached its target. Library Giving Day gifts mainly go to the Library's Annual fund. Will need to think about our strategy for the library next year, especially about more specific funding opportunities for individual libraries.

Discussion of *CUL Recruitment Information for Hiring Managers, Search Committees and Chairs* document. Curtis will edit one section to clarify how it works with Procedure 13 and send it to the group. A generic email contact for Library HR should also be added.

Updates from the units:

Eric: 50th anniversary of Willard Straight Occupation coming up. Watch for more information.

The Wikipedia event was a great success with over fifty people participating and lots of work accomplished! This was a combined effort with Olin Library and Johnson Museum.
