Harris Tools Overview and Screen Shots

Directory
The Directory is typical of most systems, on the test site however its named as Search for People. Users can edit their profiles and select privacy settings. On rollout we can designate the fields that are searchable, which records will not appear, which fields are required, and not changeable.

To View Screen Shots Click Here

Social Networking
The Social Networking is a broad topic and is essentially the ability to friend people and groups, view activity, and add additional information such as a profile picture and interests. Harris also has a Facebook application to enhance integration. In Harris this tool makes up several tools and touches many others.

To View Screen Shots Click Here

Search
Search includes the Directory search in addition to a general search and a resume search. The general search allows you to search the directory, class notes, career networking, resumes, event calendar, and chapter pages. Resume search allows you to search on keywords in their uploaded resume.

To View Screen Shots Click Here

Chapter Pages
Chapter pages are essentially a single template with a WYSIWYG editor where Chapters can create their own look and content within your template.

To View Screen Shots Click Here

Groups
The Groups functionality is based on the Facebook and Google groups functionality. Providing a place for a group image, description, links, discussion groups, and calendar. Users can subscribe to groups including how often do they want to be notified of updates. Group owner’s can email everyone subscribed to the group. Groups is shared with the Central folder structure. Users can create groups on the fly or via approval process.

To View Screen Shots Click Here

Class Notes
Probably the most useful tool in the Harris suite allows users to easily create and search for class notes. Class notes are sorted by categories and are formed based to help new users to supply correct format. Or if Users prefer they are allowed to just enter text via a text box. A nightly feed has been requested to allow us to pull reports for Class Presidents.

To View Screen Shots Click Here
**Membership Dues**

Allow you to securely collect membership dues online using administrative tools to create, modify and manage one or more member dues pages. Flexible features include a recurring billing option that automatically debits your constituents based on frequency (such as monthly or annually) and term (number of payments).

[To View Screen Shots Click Here](#)

**Online Giving**

You create, modify and manage one or more online giving pages on your website. When a gift is made, an acknowledgment email will be sent both to the donor and to your administrator. Transactions are processed automatically with an Internet merchant account that moves funds into your bank account within 24-48 hours. Credit card numbers are never physically handled by you, decreasing the risk involved in maintaining full credit card information. Your constituents may choose a recurring billing option for online donations, which automatically debits a bank account based on the frequency (such as monthly or annually or other time period) and term (number of payments) that are determined by you.

[To View Screen Shots Click Here](#)

**Event Calendar**

Make it easy for your constituents to find, view, and respond to your events online. Upcoming events will automatically appear on your community’s home page, and will automatically scroll off as dates elapse. Calendar maintenance is simple - all you do is add new events, images or pictures, and the rest is handled automatically. Events can be accessible to the public or to constituents only. You can also grant rights to your chapter leaders and volunteers to update the events calendar themselves.

[To View Screen Shots Click Here](#)

**Photo Gallery**

Using the backend tool administrators will be able to put together photo galleries that would appear in the photo gallery page these can then be linked to from Chapter Pages.

[To View Screen Shots Click Here](#)

**Career Services**

**Job Board**

The job board is an off the shelf tool that you can enable to allow users to post jobs and search for jobs within our community.

[To View Screen Shots Click Here](#)

**Career Advisor Network**

This sophisticated online tool, developed by Harris Connect and the Association of Yale Alumni, creates a mentoring network that can facilitate the gathering of additional data not currently found in your existing database and enables you to pre-populate and exchange data online with existing mentoring information. Customized to your organization, it is highly functional and includes comprehensive reporting capabilities.

[To View Screen Shots Click Here](#)

**Mentorship**

This tool is much simpler version of the Career Advisor Network and is not customizable.

[To View Screen Shots Click Here](#)
Resume Depot

As part of their online directory profile, your constituents can upload and manage their resume for other constituents, alums and students to view.

To View Screen Shots Click Here

Resume Postings

An alternative to the Resume Upload where users can type in their information into a form that then creates a plain resume to be searched. This tool allows you to search by field however there is the extra effort to type in the resume versus the upload.

To View Screen Shots Click Here

Business Exchange

Business Exchange solution allows your constituents to promote their businesses, products or services by creating their own online community "yellow pages" type ad. The Business Exchange can contain links and contact information, and hundreds of categories to ensure that your constituents can easily list their ads and find other businesses of interest. And since The Business Exchange databank is networked across Harris Connect clients, it gives your constituents’ ads maximum exposure.

To View Screen Shots Click Here

Broadcast Email

The broadcast email solution has customizable and far-reaching targeting abilities, extensive formatting options and no incremental operating costs.

- Produce and send e-newsletters, invitations to events, giving nudes and announcements within minutes.
- Communicate instantly with all users or targeted groups, including those who are not currently registered.
- Monitor broadcast email in progress and measure the response after delivery with our scheduler and robust reporting package.
- Correct email addresses on the fly and extract a file of bounce backs for offline mailings using bounce back and bad email support.

For Screen Shots: please see the only training as there are way too many to include.

Event Management

Create an online registration experience for your constituents, including secure credit card transactions, with our Event Registration solution. Transactions are processed automatically using an Internet Merchant Account, which allows funds to be moved into your bank account within 24-48 hours. This flexible solution keeps a historical profile on each individual who registers for an event - enabling you to target future invitations based on past attendance history. And managing events is easier with Web-based reports and a daily data exchange process that gives you current information on registrants before, during and after the event.

For Screen Shots: please see the only training as there are way too many to include.

We have had a great year, and determined to keep our momentum rolling. Keep an eye on the activities page, to keep abreast of all the Seattle Chapter happenings.

**Highlights**

We've been hard at work to make this next year a great one for the Seattle Chapter. Below are some of the highlights from the last few months.

**Senior Send-off** - We gave a Boston send-off (and some great career advice) to EU's local departing seniors. Hopefully we'll be welcoming a lot of them into the chapter over the coming years.

**Seattle Chapter Annual Hockey Game** - No one seemed to be missing the NHL this night. Special thanks to John "Hanson" McGrew for keeping his gloves on. Next year we'll have to hire a referee!

Employment Change

Please follow the 4 easy steps to submit your note.

STEP 1: Write Your Note

Job Change or Promotion?
Promotion

New/Current Employment
Company: Cornell
Location: Ithaca, NY

Job Title/Position: Director

Previous Employment/Position (if applicable)
Company:
Location:

Job Title/Position:

Personal Note
(e.g., what prompted the change? what are your key challenges?, etc.)

Upload a Photo
You can upload a photo to be displayed alongside your note. If you don’t have a photo right now, you can always upload one at a later time. Please read these guidelines before uploading your photo.

Click the [Browse] button to select a photo from your computer to upload. Only JPEG, GIF, and PNG image formats are accepted. Photo Upload Guidelines

Optional: Add a one or two sentence caption that will appear below your photo when displayed.
(200 character maximum)

STEP 2: Auto-Generate/Edit Your Note
Auto-generate your note based upon the information you provided in the field(s) above. Once the note has been generated and formatted to our specifications, you may edit it as you see fit before submitting. Be sure to change any particular info that may be found in the above field(s) if you are changing that info below.

Auto-Generate Note

Jennifer Cunningham was recently promoted to Director at Cornell located in Ithaca, NY.
Jennifer Cunningham was recently promoted to Director at Cornell located in Ithaca, NY.

STEP 3: Consent for Use of Note
☑ By checking this box you give consent for display of this note and any associated photo, which may or may not appear, in print and electronic media.

STEP 4: Submit Note
Please review your note before submitting. Only click the submit button once. If you are uploading a photo, it may take a minute or two to complete the upload process.

Submit This Note

Submit/Edit another note | View Notes

Profile Creation Tool - Step 1 of 4

As you proceed through the tool, some fields may be pre-populated with information taken directly from your online directory listing. Unless otherwise noted, any changes you make to those fields in the career advisor profile creation tool will automatically appear in the online alumni directory. Your advisor profile will be created after completion of steps 1 through 4.

Contact and Networking Preferences

Contact Email address
Please indicate your preferred email address through which you can be contacted. Please note that your email address will not be displayed to others. The network utilizes a blind messaging system that allows email to be sent to you without displaying your address to the sender.

jbl29@cornell.edu

Additional Contact information (max 200 chars)
(Optional) Use this field to enter additional contact information or additional networking preferences (i.e. current availability, appointment preferences, best time/day to speak, etc.)

The following section allows you to customize your profile to your networking interests.

Discussion Topics
If you are particularly interested in discussing any of the following topics with alumni and students, please select them from the list below.

To make multiple selections, hold the CTRL key and click.

Stage Willing To Advise
Is there a preferred level of experience you are seeking in individuals whom you are willing to advise? If so, please select one or more from the list below.

Any Career Stage

Job Detail

Date Posted  2009/03/12
Job Type  Finance - Investment/Portfolio Management
Job Position  Associate Investment Analyst
Description  John Hancock's Bond & Corporate Finance Group ("BCF") is inviting applicants for an Investment Associate position.

The Bond & Corporate Finance Group manages approximately $50 billion of investments for the John Hancock Life Insurance Company, and for its parent, Toronto-based Manulife Financial. BCF is a leading investor in a range of specialized areas of industry and investment expertise.

The Investment Associate position is intended for college graduates who would like to start a career in investment analysis through a 2-year entry-level program, before going on to acquire an MBA degree. Responsibilities include:
- Supporting analysts and investment officers in evaluating the performance and prospects of our portfolio companies and analyzing new investment proposals for their risks and likely returns
- Preparing periodic reviews of the performance of companies in which we have invested, including investment research and financial analysis
- Investment filings with regulators
- Special projects that tend to be broader analyses of industry trends and performance of our overall portfolio.

Qualifications:
- Bachelor's Degree in business, accounting or economics required.
- Solid conceptual understanding of economics and the capacity to develop strong financial analysis skills.
- Adept at using computer applications
- Strong verbal and written communication skill needed to effectively communicate with Senior Management on financial analyses.
- Strong quantitative, analytical skills along with ability to think strategically.
- Skill and comfort with financial statement analysis is critical
- Attention to detail is a critical success factor in this position.

JOHN HANCOCK IS AN EQUAL OPPORTUNITY EMPLOYER - AA/F/M/D/V

Salary Range  $ - $
Company  John Hancock Life Insurance Company (U.S.A.)
Division  200 Berkeley St.
