

The Student Library Advisory Council will meet on Monday, Feb. 4 at 5 pm in 106G Olin. The agenda includes:

1. Preview of the new library catalog interface and plans for an improved discovery and access experience

A brief overview of the project underway to enhance the process for discovering and accessing library resources. The main focus will be on the development work to date, an overview of the open source software Blacklight, and a sneak peek at the Blacklight catalog interface, including key features of the new system. We are seeking feedback on the new interface and features.

2. Digital visual resources

Marsha Taichman, Visual Resources Librarian, will discuss finding, evaluating and selecting digital visual resource materials at the Cornell University Library and beyond and on how she gets the word out about new resources that the Library obtains

3. Standing workstations in the Library?

Council member Dan Goldberg will set the table for a discussion on the value of standing workstations in the library.

4. Your comments and concerns about the library
