

The Student Library Advisory Council will meet on Monday, March 4 at 5 pm **in 106G Olin Library**. PLEASE NOTE THE LOCATION and let us know if you plan to attend. The agenda includes:

**1. Electronic lab notebooks**

Academic Technologies and the Cornell University Library are engaging in a joint pilot program to determine the feasibility of offering a campus-wide Electronic Lab Notebook (ELN) service. The pilot, which began in January and runs through the end of June 2013, involves ELN use in research and classroom labs. Wendy Kozlowski, Science Data and Metadata Librarian, will give an overview of the pilot and provide a brief introduction to LabArchives (<http://www.labarchives.com/>), the ELN product chosen for this trial.

**2. Privacy vs. customization**

How much privacy are you willing to give up in return for greater customization of library services? Dean Krafft, the Library's Chief Technology Strategist and Director of Information Technology, will lead this discussion.

**3. Your comments and concerns about the library**

The [notes from the Feb. 4 meeting](#) are available on the SLAC wiki.

Please RSVP for the meeting to [libadmin@cornell.edu](mailto:libadmin@cornell.edu). As always, food and beverages are provided.
