

Meurer Research Inc.

Meurer Research Inc.

This company produces stainless steel and aluminum plate settler systems in Golden Colorado.

Product

They have quoted us for aluminum plates for the Gracias plant and the support system.

Plate separation distance (b)=0.051 m

Plate length (L) =1.22 m

Plate angle = 55 degrees

Quoted Price

The quoted price for the Gracias plant which includes shipping to any US port is \$56,000. This equates to \$649.58 per m². Attached this page is the [actual quote](#).

Durability and Warranty

They have a one year warranty.

Environmental Impact

The plates are constructed out of T-6061 aluminum.

Shipping and Supply Chain

Quoted price includes shipping to any US port. Conservatively it would cost upwards of \$10,000 to ship the Gracias plant plates to Honduras from the nearest US port.
