

# AguaClara Student Research Adviser End of Semester Tasks

## End of Semester Research Adviser Responsibilities

Below in each heading are specific tasks with a description of what each task entails.

### Finalize Drafts for Conferences or Papers

If any of the research teams have publishable research, try to finalize this for publication. When you feel that the version is up to high standards, pass it off for review to either Dr. Weber-Shirk and/or Prof. Lion.

### Evaluate Final Presentations

Give adequate feedback for each team on their strengths and weaknesses on their final presentation.

### Review Final Wiki Reports

Review the first draft of the final wiki reports. Give very specific and relevant feedback for teams and work with Monroe and the Team Leader to grade and identify strengths and weaknesses on the first draft. Send back a laundry lists of comments and a grade.

After revisions have taken place, work with Monroe and the Team Leader in helping to review the final wiki reports.
