

CU KC Proposal Development Committee

Proposal Development

Welcome to the Cornell Kuali Coeus Proposal Development Page. The goal of the CU KC Proposal Development committee is to compare and contrast the COEUS system at the conceptual level, with the Cornell Ithaca and the Weill Medical College business needs, to provide feedback to the partnership, and to evaluate and update existing policies and processes.

This page will serve as a resource to committee members, and others interested in learning about the proposal development module.
