Emergency Collection Moves

- External pressures
- Preservation emergency

Reimagining Cornell

- Library closures/consolidations
- Collaborative spaces in libraries or external departmental pressures might displace shelving for collections

Library outgrowing its shelving capacity

Google digitization or similar projects will demand Library Annex materials

Library Annex internal moves of backlogged content housed in the 1978 warehouse

Important questions:

- What is the flexibility of the timetable
- Is there external funding for the move
- What is the CUL resource availability
