application integtration notes 282011

agenda:

proposal expand exisiting Direct Connect service to be a more robust entriprise service.

agenda:

proposal

reasons KFS

previous direct connect improvement and move toward more integration

anticipation of workday

benefits:

assumptions:

polical buy in:

how do we get this? ITGC?

Proposed governance:

what differences from current direct connect? More wholistic approach where integrations are reviewed. Leverages standard approaches and paterns, existing investments, purchases products and enterprise infrastructure. Adds in extra review to ensure documentation, specs and best solution decsions. process will be collaborative and will help ensure data quality across IT service centers.
