

Workday and ELM Integration

There is synchronization integration between PeopleSoft and Enterprise Learning Management (ELM) application. The source of HR employee job data will change.

#	From/To	Content Description	Timing	Comments
1	PeopleSoft to ELM	Campus Community data for all students and employees - name, address, phone, email etc	Nightly	Assumption that employee campus community data will still exist in PeopleSoft post-Workday deployment
2	PeopleSoft to ELM	Employee job/position data is sent to ELM	Nightly	
3	Workday to ELM	Employee job/position data must be sent to ELM	Nightly	Employee job data will not exist in PeopleSoft
