

Known integration or data requests

Known integrations and data requests

requestors name	business need	status	update
Cindy Jefferson	bi-weekly data feed of vendor data (name, vendor number, tax id) for PO and DV vendors	request recieved Cindy Jefferson bi-weekly vendor file.doc	two on-line reports were created to meet this need.
Eric Banfiled	vendor file data	request not yet recieved	
Jeff Silber/Seth Brahler	eVerify. OHR needs to lookup the individual in a federal system to ensure that their SSN is correct and that they are work eligible. This is beyond I-9 requirements and Cornell has elected an option available only to institutions of higher education where only those individuals on the particular federal contracts need to be verified. Outside of higher ed all employees of a federal contractor must be verified.	need to follow up	Direct Connect eVerify was approved and created
Tom Romantic	Spend Viz. Vendor data.	request not yet recieved Vendor Table List from Tom R.xlsx	spendviz direct connect was approved and created
Tami Magnus	Voyager (library management system)	Vendor file data	discussion regarding needed tables and sql logic was discussed on 8/17/2011. Tami will fill out direct connect form for request to kfsnrtdbp and send to Sarah for processsing
