

There's a webinar for that!

Have You Visited the CCE Staff Site Lately?

You know the Apple trademark saying “there’s an app for that”? Well, the CCE Staff Site’s should be... “There’s a webinar for that!”

Are you interested in learning more about how to:

- Use the [new Cornell online event registration](#) for your programs? (And having it import those registrations into your reporting information.)
- Use the [Sharepoint team sites](#) so you can work on documents with your group without having 50 different versions of your document out there, because it was passed around via e-mail?
- Use [Outlook 2010](#)?
- [Design publications](#) and/or [edit photos](#)?

These are just a few of the things you can learn from the CCE webinars. There have been a wide range of trainings offered in the last few years, and many have been recorded. Did you miss out on the Tech Fair a few weeks ago? Many of the sessions were recorded and are now available online for you to watch.

Click on the links below to browse what webinars are coming up this year and also to view the past recorded ones:

Please note: If you would like to access the CCE staff site when away from the office, you will need to use the Cornell VPN. Instructions on how to install and use the VPN can be found at: <http://www.it.cornell.edu/services/vpn/howto/index.cfm>
