

Free Survey Tool

Did you know that Cornell University offers a free survey tool called **Qualtrics**?

Simply go to <http://surveys.cornell.edu> and log in with your Cornell NetID and password (the small login button is in the upper right corner of the webpage). You will be able to start building simple surveys from scratch or use a template to get started. There is no limit to the number of surveys /responses that we can get for no charge, and it is very intuitive and easy to use.
