

Tutorials

Tutorials

The Library Preservation and Conservation Tutorials focus on preservation resources and techniques for [China](#), [Southeast Asia](#), as well as [Iraq and the Middle East](#), in both English and in Arabic.

The [Digital Imaging Tutorial](#) helps the user to learn about the use of digital imaging to convert and make accessible cultural heritage materials. This tutorial is available in English, Spanish and French.

The [Digital Preservation Tutorial](#) was created to support the Digital Preservation Management workshop but can be used as a stand-alone tool.
