

Video conferencing tools and tips

CU is licensed for the Enterprise version of Zoom. Easy to use and extra features. Other options can also be listed, as FYI.

Zoom

Specialized

Faculty Search video conferencing set-up (Fall 2017)

The Chair's Office purchased a table-top, higher-end combination system with camera-on-a-stalk-and-base system, along with multiple pick-up microphones.

- System is stored with Chemistry IT, in 140 Baker. Specifically, it's in Chemistry IT's storage room, in a labelled box.

EMC2

WebEx

CU had a license for using the full Enterprise version of WebEx. You could record your session and have it posted, for example.

For ChemIT installs, see:
