# Correct links on home page and elsewhere to News and Events pages

In Chemistry's web site, the "News" page is http://chemistry.cornell.edu/news/news.cfm. But all links to that page instead go to http://chemistry.cornell.edu/news/, which is a page also including Events.

Correct the link on the Chemistry home page

Change "More News >>" link to point to http://chemistry.cornell.edu/news/news.cfm:

Correct the link on all News Detail pages

For example:

Abruna elected 2013 Fellow of the Electrochemical Society

➕ share this

Professor Hector Abruna has been elected as a 2013 Fellow of the Electrochemical Society. The ECS, founded in 1902, advances the theory and practice of both solid-state and electrochemical science and technology and bridges the gaps among academia, research, and engineering-bringing together scientists from around the world for the exchange of technical information. He will be honored at the 224th meeting of the ECS in October 2013.
