2CUL TSI Steering Committee Notes, 9/23/13

1.JSMIN Charge

Leave current charge as is until October meeting, Jim will make a few small changes in language in the meantime and submit the charge to the Administrative Team (essentially Bob and Xin for approval).

2. Plans for meeting with JSMIN at Cornell, 10/23-10/24

What we should cover with JSMIN - Who we are? What we proposed? Review input from working groups? Data needed? Include a 1 hour wrap-up for just TSI. Jim and Kate will draft an agenda for review by Steering.
