Access to TSI Wiki for Columbia Users

Much of the 2CUL TSI wiki space is publicly viewable. If Columbia users need to sign in to gain access to restricted areas of this Cornell-hosted wiki, they should:

1. Verify with Kate, Jim, or Laurie Stevens that they do indeed have permission to view the restricted material
2. Go to https://confluence.cornell.edu
3. Click "Log In"
4. Click "Forgot password"

Confluence will issue a password and send it to the user's address.
