- **Innovation Award for Library Staff** - Established in 2014, this \$500 award recognizes innovation throughout the Cornell University Library in all functional areas and departments. Innovations can be in the form of service enhancements, problem solving, or a whole new way of looking at things. The winner(s) of this award will have exhibited creativity, out-of-the-box thinking, and leadership in conceiving and implementing the innovation. Although the innovation can include IT development, having an IT component is not a requirement. Employees will be recognized at the December 6, 2023, Town Hall meeting.
