

Fuerst Outstanding Library Student Employee Award

There are approximately 400 student employees in the Library whom we rely upon for **office support, technological services, preservation and conservation work, circulation, for opening and closing the libraries,** and for **information assistance**.

Mr. William F. Fuerst, Jr. '39, endowed a fund to recognize the achievements of library undergraduate student employees. This recognition program provides a tangible and meaningful way to clearly show our appreciation for the contributions of our library student employees.

Fuerst Award winners will be selected on the basis of their exceptional performance, initiative, and service to the library. Nominations are generally made by the student's supervisor, but may be made by anyone in the Library community. A committee with representatives from throughout the Library system will select the winners of this prestigious award. Each of the selected students will receive a \$1,000 monetary award.

The Fuerst Award allows us to annually recognize our top student employees with the largest monetary award on campus.

Congratulations to the 2023 winners :

- Michelle Card '24, OKU Resource and Access Services
- Felix Abel-Ferretti '23, Mann Library
- Hector Hurtado '24, OKU Resource and Access Services
- Bobby Haig '25, Library Facilities

Bill Fuerst (1917 - 2003)
