

New scanner for Kacey

Done.

Scanner request, for Kacey.	Get before graduate application transcripts in a month or two? (Color wanted for this work.)	\$410 (to last 4 years or more, we expect)	Scanner on order, and Kacey notified.	John approved. Scanner ordered by Physics. Current scanner has no drivers in Win7, so only sort of works. Examples: B&W only. No simplex => Double-sided, no matter what. Kacey needs color capability.
