

# A&S file share

This is a service for A&S's administrative departments. (This service is not available to research groups.)

## See also

- [ChemIT's internal file servers](#)

## Shares for Arts Dean's Office (ADO) use:

There are three file shares for each Dean/ Assoc. Dean in the Arts Dean Office (ADO):

- 1) Shared directory, with some walls, in /ado-shared
- 2) Individual's own directory, in /ado-Users/NetID
- 3) A "dropzone" directory (back from Novel days!) that is shared, with no walls. In /ado-dropzone.

Almost no one uses (3), except for folks outside of the ADO who need to give (or get?) file to/ from ADO folks.

## A&S migrating to a new NAS

- Summer 2014, installing a duplicate in CCB's 248 Baker Lab server room.
- Dell NX3200, running Windows OS.
