## High Resolution FE Model of Bone - Numerical Solution

Author: Rajesh Bhaskaran, Cornell University Problem Specification 1. Pre-Analysis & Start-Up 2. Geometry 3. Mesh 4. Physics Setup 5. Numerical Solution 6. Numerical Results 7. Verification & Validation Exercises Comments

## **Numerical Solution**

We need to find the reaction force at the frictionless support. Right click on Solution (B5) > Insert > Probe > Force Reaction.

In "Details of Force Reaction", Select Boundary Condition for Location Method and Frictionless Support for Boundary Condition.

Ξ	Definition					
	Туре	Force Reaction				
	Location Method	Boundary Condition				
	<b>Boundary Condition</b>	Frictionless Support	•			
-	Orientation	Global Coordinate System				
	Suppressed	No				
	Options					
	Result Selection	All				
	Display Time	End Time				
	Results					

The problem is ready to be solve.
