## June 2007

**Q.** I'm looking an article entitled " Finite-element calculations on the behaviour of a DSC in temperature-modulated mode," that appeared in volume 310, number 1 of the February 1998 issue of the journal Thermochimica Acta. Unfortunately, the library's subscription ended in 1992. How can I get a copy of this article?**A.**Any articles from journals not owned by the library can be ordered through the interlibrary loan department. Additional information and an online request form can be found here: <http://216.54.119.126/illiad/logon.html>Registration is required for first-time users. This service is available free of charge to current Cornell students, faculty and staff
