## **T-Beam - Physics Setup**

Authors: Rajesh Bhaskaran and Vincent Prantil

**Problem Specification** 

- 1. Pre-Analysis & Start-Up
- 2. Geometry
- 3. Mesh
- 4. Physics Setup
- 5. Numerical Solution
- 6. Numerical Results
- 7. Verification & Validation

Exercises

## **Physics Setup**

The following video shows how to specify the physics of the problem: material properties (Young's modulus and Poisson ratio) and boundary conditions. These settings get fed into the element formulation when obtaining the numerical solution later.
