Details

CCB Conference rooms

Some CCB rooms are available to anyone at the University. Other conference rooms are available only to CCB folks.

Chemistry Instructional rooms

Lars Washburn is the main person responsible for these rooms. ChemIT provides him support, in his role.

- [Computers in Chemistry Instructional rooms](#) — List of software on the Macs and PCs in CCB's 4 instructional rooms: 200 (the big auditorium), 135, 219, and 335. (No computers in 119).
- [iClickers in CCB instructional rooms](#) — CIT's ATC provides Cornell's iClicker service. Although the Baker Lab classrooms overlap, all iClicker stations are set to the "AA" frequency.

Historical info

Below information deprecated. Currently maintained at blog dedicated to Chemistry's reservable rooms:

- <http://rooms.chem.cornell.edu/roominfo-avsupport/>

Room type and availability	Room location and numbers	Notes
