Favorite Spaces and Pages

The list of favorite **spaces** is slow to load and display, so we have moved it from the Confluence dashboard. We suggest that you use favorite pages instead of favorite spaces since the list of favorite pages will continue to display on the dashboard.

Favorite Spaces
You currently do not have any spaces on your favorites list. To add one, click the *All* tab and then on next to the spaces you want to add as favorites.

Favorite Pages

There are currently no pages on your favorites list. You can add pages to this list by selecting Favorite from the Tools menu on the page you're viewing.
