LOCAL MARC FIELDS

6XX: [653](#)

8XX: [899](#)

9XX: [906](#)

653 -- Database Names Subject Captions (MARC "Index term -- Uncontrolled").

Subject captions are assigned by DRC. Put each in a separate 653 field. Remove all inappropriate 653 fields from LC or member records.

Subject captions in bold from the list below are super categories. Databases can be assigned to the super categories themselves as well as to the categories that are arranged below them.
