

2016-02-24 Meeting notes

Location: <https://connect.unl.edu/tcapt3/>

24 Feb 2016 11:00AM PST Meeting adjourned 11:45AM PST

Attendees

- [Clayton L Birkett](#)
- [Jean-Luc Jannink](#)
- [David Hane](#)
- [Unknown User \(cdl67\)](#)
- [Disabled Account Sayer Herin](#)

Goals

Discussion items

Time	Item	Who	Notes
	operating system upgrade	Clay, Dave Hane	<ol style="list-style-type: none">1. Mirror site is blocked by Cornell firewall, need to scan site for vulnerabilities before they will allow website traffic site scan of mirror machine scheduled for 2/23 overnight2. Results of scan show vulnerabilities but not all are accurate. Discuss with Cornell IT what needs to be fixed and if firewall should be purchased.3. Next date available for upgrade is March 4th.
	QTL mining	Clay	added gene function information
	Haplotag data		what is the size unzipped? load before Oat Global meeting.

Action items

- ✓ Clayton L Birkett add documentation on QTL report for source of data and imputation method
- ✓ Clayton L Birkett JBrowse links, set zoom to about 200 bp and try to improve formatting of annotation
- ✓ Clayton L Birkett on QTL report add download button for offline analysis
