

Discovery Metadata

Steven Folsom
Maureen Morris
Frances Webb

November 13, 2015, 10:30am - noon, Mann Library, Room 160

Description

Discovery Metadata -This is a growing topic of interest and necessity and we wanted to shed light on projects and workflows that are unfolding right before our very eyes! More to come in the future.

"A metadata librarian, a public services librarian and a programmer walk into a bar... conversations on discovery." - Join Steven Folsom, Maureen Morris and Frances Webb in a discussion about metadata responses to user discovery needs in Blacklight and beyond.
