4/19/16: data point

Regarding the printer just outside the mail room. It requires a number code to use. Konica-Minolta bizhub 751:

- Oliver could scan to USB drive.
 - Did to B&W PDFs, but other options (to color, JPG, etc.) presumably possible.
- Oliver not able to browse USB drive.
 - Inserting USB drive brings up a screen saying items are available in a System folder, which Oliver did not see anywhere.
