AIM Modal Analysis of a Satellite - Geometry

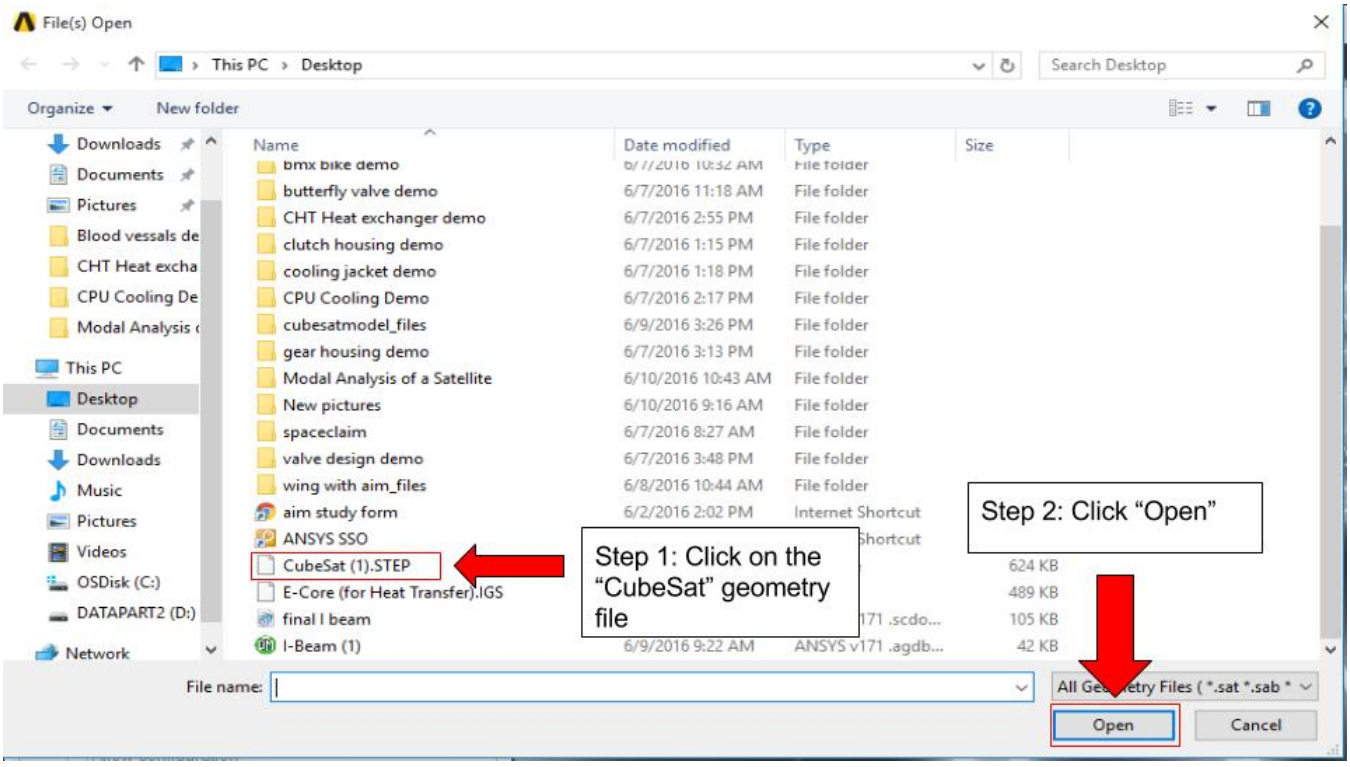

Author: Joshua Wallace, ANSYS

Problem Specification
1. Start-Up
2. Geometry
3. Mesh
4. Physics Setup
5. Numerical Solution & Results

Geometry

For this problem, we will import the geometry into ANSYS, which was designed using CAD software. Save the file somewhere convenient, like your desktop or your working directory.

Go to Step 3: Mesh

Go to all ANSYS AIM Learning Modules
