

Cornell's professional development offerings

Info as of November 2016. Includes certificated training tracks (groups of classes)

Cornell's Professional Development training page

- <https://hr.cornell.edu/professional-development/training>

Tips

For many courses one can look them up directly in CU Learn, which is linked at the above page:

- <https://www.culearn.cornell.edu/>

Also on the page linked top of this page is a list of OHR's "Career Skills: Workshops presented by Organizational & Workforce Development".

- See if any of those groupings (training tracks) are worth explicitly pursuing. Earn a certificate of achievement if complete certain courses.

The above linked page also has links to Lynda and other "Online Training: Learn at your own pace" resources Cornell pays for staff and others.
