

# Change CAM Ad landing page

<http://www.alumni.cornell.edu/cam/>

## Load images into the

Alumni --> CAM--> assets--> img

folder. Upload them to the server.

## In Dreamweaver, do the following:

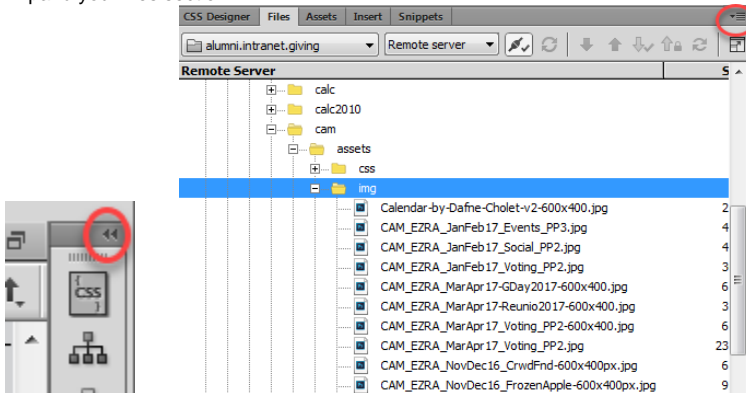

- Open page: Alumni --> CAM --> index.html
- Make sure that Dreamweaver is in split screen mode

- Double click on the first image you want to change in the "Stay Involved" section (in the example to the right "You Have a Voice").
- This will bring up the properties in Dreamweaver

- Expand your files section:

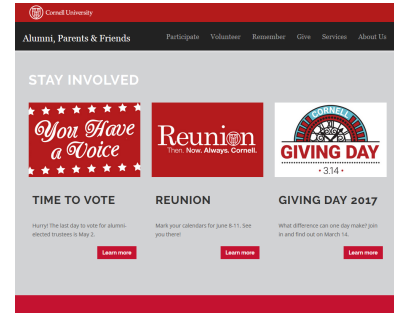

- Click on the circle in the image below and drag to the image you want to replace the current image.

- The new image/path/url should not show in the gray highlighted area shown below. Now you can change the other data for this entry.

1. The alt for the image
2. Title
3. Description
4. URL to page/article
