

# Copy of Student jobs

Note that we have filled our Fall 2017 positions.

Other jobs elsewhere:

- <http://studentemployment.cornell.edu/>
  - <https://studentjobs.seo.cornell.edu/>

We hope you can come back when we are hiring again!

When are we hiring again and where do we announce them?

- We usually hire 1-2 student positions in the late spring when we head into the summer, and mid-August, as we head into the fall semester.
- We always post our openings at the above Student Jobs site. And our posts always point to this, then-updated, page.
- Below is information about our jobs which can provide you with a sense of what we have to offer.

---

## Apply now for a (Summer 2018?) student job with Chemistry and Physics IT!

- Part-time, fall and spring semesters available.
  - Optional: Part-time or full-time openings during winter and summer breaks. Your choice!

---

<b>Simply fill out the application form for this position, and we'll contact selected candidates:</b>
<ul style="list-style-type: none"><li>• (placeholder)</li></ul>

---

Apply if:

- You work well with others.
- You are interested in learning to set up and maintain office computers, and also support staff and Chemistry faculty using technology.
- You can help keep the department's computer inventory and staffing lists current.
- You can help us improve our operational documentation, as you learn from them.
- And you can help keep our office and equipment well organized.

Learn more by reading the [position description](#). Or, just apply by clicking the application form link above or below!

You must be able to work two 3-hour blocks each week during normal working hours (M-F, 9a-5p).

- We welcome you working more hours, within the M-F, 9a-5p time-frame, if you are available.

The position is available all year.

- Part-time during the semesters, up to 20 hours per week.
- Part-time and full-time options during winter break and summer months, if desired.

## Earn money while in school AND enhance your tech-savvy and service skills

Pay starts at \$10.75/hr for this Technology Support Specialist position.

- **Level III grade level** (as a Student Computer Assistant II position).
- Higher starting pay available for qualified applicants.

Apply today!
