Our first arXiv-nextgen user poll!

We’re pleased to be conducting our first arXiv-nextgen user poll. The arXiv team is working on extracting and presenting article references on the abstract page. We'd like to know how you'd like them to be presented to you. You can express your preference by taking a very short survey: https://cornell.qualtrics.com/jfe/form/SV_cCmPDAqvlgadsln.

The survey will be available until 24:00, Wednesday, September 13.

Thank you for helping us improve arXiv!
