

# Add a video to Box and/or Youtube for distribution

*Box and Youtube are great platforms to share your video content. Think about the subject matter, purpose, and audience of your video.*

## Use Box when your video:

- has a small, private audience
- contains sensitive information

## Use Youtube when your video:

- has a broad, public audience
- will be embedded on the web or in email

## Box step-by-step guide

1. Upload video to Box: <https://cornell.account.box.com/login>

Select a file or folder  
to view details.

- a.
2. Set sharing settings to People with the link

## Shared Link for StoikovLecture2017.mp4

### Shared Link

- a.
3. Copy and paste link

## Youtube step-by-step guide

1. Upload to Box using steps above
2. Email video link to Adam Murtland [acm284@cornell.edu](mailto:acm284@cornell.edu)
  - a. Include video title and short description
  - b. Include where/how the video will be shared (email embed, site embed, etc.)
3. Adam will respond within 2 days with Youtube link.
4. To share or embed, click **Share** under video
