

ANSYS Student 19.1 Updates

Below are the updates in version 19.1 of the free ANSYS Student packages available at <https://goo.gl/RFZ6EV>:

- Access to ANSYS Forte
- Access to ANSYS Chemkin-Pro
- Access to ANSYS Fensap ICE
- License key valid till April 30, 2019
- Electro-magnetics is enabled in AIM Student
- Discovery Live Student is also available in addition to ANSYS Student. The simulation is highly automated in Discovery Live with no meshing but you'll need a good GPU to run it. [More information here](#).
