

# January Code Club meetings

Is your New Year's resolution to learn more about coding and scripting? If it is, or if you just declared it so right now, come to the first Code Club of 2019, tomorrow, **Thursday, January 3, 2019** in Olin 701 from 12-1. We'll work through the warm-ups and the exercises in [Command Line Wizardry](#) together. Bring yourself, your laptop, and your questions, and we'll make it happen.

If you can't make this one, never fear: we're holding two more code clubs in January. Here are the rest...

- Thursday, **January 17**, from 12-1 in Olin 701
- Thursday, **January 31**, from 12-1 in Olin 701
