Requesting FOLIO permissions (for yourself or for someone else):

If you need to request FOLIO permissions for yourself or someone else, please send an email to: **folio-security@cornell.edu**
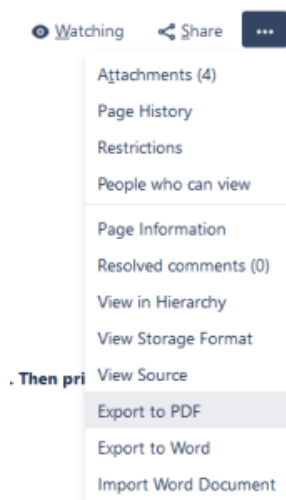

Requests should provide the individual's name, NetID, employment status (staff or student), and if known, the appropriate FOLIO permission group or set of permissions to apply, or a description of the typical FOLIO work duties of the person. If unknown, we will work with you to identify the right permissions for the individual.
