Annual Data Collection Dashboards & Excel Reports

About the Data

Please note that the dashboards and Excel file downloads linked under the "Tableau Dashboard" and "Excel File Download" columns below are automatically updated every morning by 10:00am. The data shown was current in the FOLIO system at the end of the previous business day (yesterday's data).

All Cornell Library staff have access to view these dashboards and Excel files. If you have questions about this data, please submit a request through the Requesting Reporting Help form.

Documentation

- ***Please refer to CUL FOLIO Material Bib Format Display Table and Documentation for information on physical material format groupings found in Annual Data Collection dashboards.**
- **Accessing and Using Data Dashboards - Instructions**
- **Filtering and Sorting Data in Excel Downloads - Instructions**
- TD = Tableau Dashboard, CR = Canned Report, AHR = Ad Hoc Report, ADC = Annual Data Collection

Index Number	Name	Description	Tableau Dashboard	Excel File Download	Documentation	SQL Query Code
TD400 CR184A CR193	Physical Items Circulation Counts **(Updated daily)**	Provides fiscal year counts of physical collections use (loans and renewals) with filters for owning library, patron group, material type, and collection type (regular, equipment, etc.). Also provides counts of patron filled requests.	Physical Items Circulation Counts Dashboard	ADC CR184A loans and renewals Excel download ADC CR193 filled delivery requests Excel download	Filtering data to obtain specific counts	CR184A SQL Query CR193 SQL Query
TD113	Materials Counts **(Updated quarterly)**	Provides fiscal year counts of collections by material type.	Materials Counts Dashboard	ADC CR214 physical item counts (excluding microforms) EXCEL download ADC CR215 unique title (instance) counts of physical materials (excluding microforms) EXCEL download ADC CR216 unique title (instance) counts of microforms EXCEL download ADC CR217 unique title (instance) counts of ematerials EXCEL download	CUL Material Counts - Summary Documentation CUL Material Counts - Detailed Documentation CUL FOLIO Material Bib Format Display Table and Documentation Filtering data to obtain specific counts Updating the Annual Data Collection's location translation table	CR214 SQL Query CR215 SQL Query CR216 SQL Query CR217 SQL Query
TD103 TD104	E-usage Counts **(Updated annually)**	Provides annual year counts of esuage by resource type. Data not available in Folio; data are from EBSCO Consolidated files, compiled by Sally Lockwood (sjl8) and made available in a BOX folder.	Eusage Counts Annual 2022		Eusage Counts - Documentation	Not applicable
TD130	Reference Interaction Counts **(in review; update to be determined)**	Provides counts of reference interactions from LibInsight as well as from the previously used CountIt system	Reference Interaction Counts	NA	NA	NA
