

# Welcome to the Cornell R User Group!

We are a community of R users at Cornell who support each other in using R in our research and professional work. It's a space for people at all levels to connect and learn skills, methods, and practices in R.

We typically meet every other Monday during the academic year. We're planning to take a break over the summer, but keep an eye on the listserv for updates. To join, send an email to [r-user-group-L-request@cornell.edu](mailto:r-user-group-L-request@cornell.edu) using the subject "join" and a blank message.

Check out our website: <https://cornell-rug.github.io/>

If you'd like to have access to this Confluence space (e.g., permission to add and edit pages), email [asiefert@cornell.edu](mailto:asiefert@cornell.edu). If you're a Cornell user who has never accessed Confluence before, you'll need to first [log in to Confluence](#).
