Faculty Support Services

The following table represents the keys used in this architecture table and their meanings.

Key	Meaning
R	*Research* - Technology may be under evaluation and is not being used in production
P	*Pilot* - Technology approved for small-scale production use only.
I	*Invest* - Technology recommended for wide-spread deployment.
M	*Maintain* - New implementations are not encouraged. Existing systems may continue to rely upon these components and extend existing implementations. Product may be maintained but not planned for upgrades except bug fixes.
D	*Disinvest* - Technology is in the process of being phased out.
U	*Unsupported* - Technology is not advised for use in production systems.

Faculty Support Services helps faculty integrate instructional technology tools and practices into their courses.
