

# CEE 5051-5052 Course Description

## CEE 5051/5052

CEE 5051 (Fall) and 5052 (Spring) are open to [Master of Engineering students](#) looking to fulfill design course requirements. Please contact [Weber-Shirk](#) with any questions about this option.

[Master of Engineering](#)

The course requirements are very similar to [CEE 4550](#)

M.Eng. students are required to submit a final report at the end of the spring semester for their design project. The final report can either be done individually or by a small team of students. The purpose of the report is to summarize the context (introduction), major activities (methods), results (including analysis), and conclusions of the project. The document must include a title and author section and the entire document must be created as a LyX document.
